MESSAGE

It is indeed a great privilege to be part of the Commission for the past 6 years. From its inception to till date, there have been numerous changes and transformations worth mentioning in the past years, including the encompassing promotion and protection of child rights in the State of Mizoram. I am pleased to express my sincere gratitude to MSCPCR Team for the endless services and contributions rendered for the successful production and publication of the 4th Annual Report.

MSCPCR is one of the youngest Child Rights Commissions established in India, and, in spite of several challenges and circumstances it had faced while carrying out its mandates due to Covid pandemic, limitation of financial resources, man power, etc., in the pasts, the Commission, remarkably still, is able to fulfil and exercise its roles and functions through convergence mechanisms established with other implementing agencies and institutions in the State. Apart from monitoring JJ & POCSO Acts, the Commission has been able to achieve much through its monitoring of the implementation of 'The Right of Children to Free and Compulsory Education (RTE) Act, 2009' as well, by introducing and setting up grievance redressal mechanism - a HELPLINE, solely dedicated for children facing problems in schools. However, awareness among school children, and the whole community at large, in order to utilize the purpose of the said facility is still required. The Commission is also determined to set-up RTE Division, which should be able to assist the Commission in monitoring the implementation of RTE Act, 2009, and to advocate for children facing problems in schools.

With regard to the prohibition of child labour, consecutives nil report of child labour have been obtained by the concerned department in the State of Mizoram in the past decades. On the other hand, the Commission is skeptical about the total absence of child labour, which actually contrasts the negative element urbanization and immigration invariably results to. Hence, the Commission deliberately has started to carry out situational analysis and spot observation and verification to several hotspots deeming to engage child labourers. The Commission shall then proceed with suggestions and recommendations to the concerned department for necessary action and amendment to the existing regulations if found required from its findings. The Commission is also committed to monitor the concerned departments, including Women & Child Development in their efforts to abolish and eliminate all forms of child marriage in the State of Mizoram.

The Commission has now seen over 6 years of its establishment, however, it is an ardent desire if the Government of Mizoram could better equip and strengthen the staff and administration of the Commission, which in turn shall definitely ensure a stronger mechanism for the protection of children and their rights in the State of Mizoram. The concerted efforts of every individual and the society at large should nonetheless be overlooked nor be compensated when the rights and safety of children are at stake.

Protection of Child Rights

Dr. C. LALSANGZUALA
HO'NBLE CHAIRPERSON

FOREWORD

The activities and programme implementation highlighted in the Annual Report of Mizoram State Commission for Protection of Child Rights 2023 – 2024 is by no means a solo effort of MSCPCR, rather, it is an accomplishment of all the players who are indispensable in upholding and promoting Child Rights in the State of Mizoram.

Notwithstanding a small number of Commission members and Staff members, we have made a good progress in strategic promotion of child rights through various activities and programme implementations, which would not be possible without the full support of the Government of Mizoram, especially, Social Welfare, Tribal Affairs & Women and Child Development, Education Department, Police and Prisons Department, etc., and we should not fail to acknowledge the tenacity of District Court of Aizawl for the welfare of children in Mizoram, and their allotment of two rooms for Children in the best area of their premises.

Respecting, protecting, and fulfilling child rights in the context of national security measures is fundamental and an essential condition to attain sustainable peace. Finding dignified solutions, anchored in the principles of both accountability and the best interest of the child is also a key in that regard. Children are entitled to special protection under international humanitarian law and international human rights law, including the Convention on the Rights of the Child (CRC) and the Juvenile Justice (Care & Protection of Children) Act, 2015 which define a child as any person, under 18 years old. Any country or State which respect and practically implementing the positive Act or Law are laying a strong foundation for the near future of the Country.

Finally, I want to acknowledge the extraordinary efforts made by all our staff members, the tireless support of our implementing institutions, and the broader community of children and well-wishers, of whom we have depended in full measure on their resourcefulness, flexibility and engagement over the years.

MANDATE OF MSCPCR

MONITORING THE IMPLEMENTATION OF
THE CHILD AND ADOLESCENT LABOUR
(PROHIBITION & REGULATION) ACT, 1986

VISIT TO SOLID WASTE MANAGEMENT SITE AT TUIRIAL

In pursuance of the report of children ragpickers at the Solid Waste Management Site at Tuirial, the Commission immediately conducted spot verification led by Dr. Julie Remsangpuii Fam-bawl, Member, MSCPCR on **April 24, 2023**.

Section 3 & 3A of The Child and Adolescent Labour (Prohibition and Regulation) Act, 1986 prohibits employment of children in any occupation and process and employment of adolescents in certain hazardous occupation and processes, including rag picking and scavenging. The Aizawl Municipal Corporation (AMC) has been taking stringent measures to forbid and prevent children and adolescents from involving in rag picking at the Solid Waste Management Site. Hence, no children nor adolescents were found at the site during the time of the visit. The Commission is committed to ensure that no children and adolescents are engaged in hazardous occupation in the State of Mizoram.

MANDATE OF MSCPCR

MONITORING THE IMPLEMENTATION OF
THE RIGHT OF CHILDREN TO FREE &
COMPULSORY EDUCATION (RTE) ACT,
2009

MEETING WITH LEADERS OF STUDENTS BODIES

The Commission invited leaders of student bodies from Mizo Zirlai Pawl (MZP) & Students Council, Mizoram University (MZU) on **July 17, 2023** at Conference Hall, MSCPCR. The meeting resolved and committed towards the need to be in one page, to have mutual effort, cooperation and coordination for children's welfare in the State of Mizoram. As assigned by PCR Act, 2005, MSCPCR, which is authorised to monitor the implementation of the provisions of 'The Right of Children to Free and Compulsory Education (RTE) Act, 2009, the Commission informed the leaders of students bodies regarding various problems being faced by children across the State. Dr. C. Lalsangzuala, Chairperson, MSCPCR remarked that inspite of the many existing reliable Laws, Policies and Regulations in the State, and in the Country, as a whole, there are very many educational institutions which can not conform and adhere to these Laws, Policies and Regulations still. The Chairperson commended on the numerous undertakings and initiatives taken by students bodies for the welfare and protection of the rights of students in the State.

The students bodies intimated to the Commissions that numerous and desperate suggestions and recommendations have been made to the concerned department, including irrational hike and exorbitant school fees among schools but, comparatively are with disparate facilities and quality assurances; the urgent need to categorise and classify all schools based on quality assurance; the negative consequences of the complaisant methods of issuing permission to open schools; admission of students beyond school building capacity; the imbalance of students-teachers ratio; nominal or inadequacy of teachers in rural schools, but ample and immoderate numbers of teachers in Aizawl city; heavy school bags; unfit and insecure hostel facilities, unsafe from child sexual abuse, etc., but, no or limited concrete actions have been taken.

The Commission is intent and committed to address the issues concerning school children in the State, concluded Pi Lalengvari, MSS, Secretary, MSCPCR, and invited the leaders of students bodies to continue identifying lacunas concerning school children in the State, and to lodge and conjure to the Commission on behalf of all school children from across the State of Mizoram.

VISIT BY LAW STUDENTS OF SAVEETHA SCHOOL OF LAW, CHENNAI

Children, vulnerable as they are, need protection throughout their human development by Laws. Legal aids and services are indispensable for children in need of care, rescue and protection especially. With this sentiment and to realise the credibility and instrumentality of laws for child protection, students and faculty from SAVEETHA SCHOOL OF LAW, Chennai, Tamil Nadu made a study cum interaction visit to MSCPCR on **May 16, 2023**. Dr. C. Lalsangzuala, Chairperson along with Pi Lalengvari, Secretary facilitated the interactive meeting wherein various child related issues and subjects, the functioning and the works carried out by MSCPCR in the State, etc. were discussed and deliberated at the roundtable. The visitors made a short visit to the first school established in the State - PC Girls' School as well, accompanied by MSCPCR Team. A cheerful outdoor and indoor playful colloquial interaction by the students was had at the school campus. The Law students were accompanied by one Assistant Professor from the College.

ARTICLE 40 (UNCRC). **IF YOU ARE ACCUSED OF BREAKING THE LAW,** you should be treated fairly and in a way that respects your dignity. Your age should be taken into account. Prison sentences should only be given where children have committed the most serious crimes.

FELICITATION OF GOVT. MIZORAM LAW COLLEGE INTERNS

While the opportunities and facilities to study and pursue Law in general has made significant progress in our State, specific institutions and facilities to study Laws related to children specifically are established gradually in the State as well.

MSCPCR, definitely is one such institution recently established to make sure that all Laws related to children are effective in their legislations; and to facilitate and encourage students, researchers, etc., who wish to pursue Law, Humanity, Social Science studies, etc., in the State.

Hence, in parallel with the purpose of the Commission's establishment, and as envisaged in the CPCR Act, 2005, 10 (ten) students (4th Sem) from Govt. Mizoram Law College have successfully completed their internship programme (June 12 - 22, 2023) at MSCPCR, under the guidance and supervision of Priscilla Lallawmsangi, Legal Officer, MSCPCR.

Apart from the study and observation made at MSCPCR through firsthand interactions and interviews with the Chairperson, Members, Officers and Staff of MSCPCR, the interns had practical field study and visited selected Child Care Institutions (CCIs) within Aizawl Municipal Corporation (AMC) area.

The interns were felicitated on **June 22, 2023** at Conference Hall, MSCPCR. Dr. C. Lalsangzuala, Hon'ble Chairperson, in the presence of Dr. Julie Remsangpuii Fambawl, Hon'ble Member; Pi Lalengvari, Secretary; Pi Priscilla Lallawmsangi, Legal Officer and Pu Lallianzuala Chawngthak, Superintendent of MSCPCR presented the Certificates to the Law students.

"An intensive human rights education for all communities needs to be provided to overcome the old prejudices."
